From the La Crosse Democrat.

DEBT NOT DECREASED.

We see it frequently asserted by Radical papers, that the national blessing is being decreased year after year, month after month, and week after week, but we fail to see the force of such untruths. Taxes are getting higher all the while, and we read of millions of revenue coming in each day, yet the debt has steadily increased since the close of the war, in 1865, until now it is over $250,000,000 more than it was then.

Tax payers and the laboring classes very properly ask: "Why is this?" and "murmur among themselves." It is because of dishonest, of needlessly protracting Indian wars, of voting treasure to every little enterprise, of keeping black men in idleness.

Large taxes necessitate a large expenditure to collect the same, as there is an expensive army of assessors, collectors, and those who watch to prevent fraud, but who are always willing to "divide."

Years ago the party now in power denounced the Democratic administration as extravagant, when it only cost the country about $80,000,000 a year, and now four times that sum is spent annually by each Radical administration.

Statements recently published by the Treasury Department furnish some startling facts. By them it appears that, on the 1st of April, 1865, the public debt amounted to $2,366,955,076 34. The receipts into the Treasury from that day to the 1st of November 1868, from all sources of revenue, reached the enormous sum of $1,666,476,062. 20.—The increase of the public debt from the first day of April, 1865, to the first day of November, 1868, was $169,174,475, 48.—Add this sum to the revenue receipts, and the total amount received by the government from all sources, from the 1st of April, 1865, to the 1st of November, 1868, make a total of $4,822,650,537 68. Estimating the revenues from November 1, 1868, to June 1, 1869, to be in the same ratio that they were the previous year, the total revenues received by the Treasury from April 1, 1865, to June 1, 1869, will foot up $2,060,650,537 68, or nearly five hundred millions annually. The figures of the Treasury Department show that the debt of the country has increased, since the close of the war, to the amount stated below:

Total debt June 1, 1865	$2,633,670 633 10
Total debt April, 1, 1865	2,366,955,077 34
Increase	$266,715 555, 76

What a comment on honest administration and Radical financiering. This thing must end, and will in final repudiation.—It is the only loophole left for the people to get out of the meshes of Radicalism, and the sooner it comes the quicker the calm and dawn of prosperity.

THE SWANNANOA CHEESE MANUFACTORY.

In company with a few friends, on Friday last we paid a visit to this, the second Cheese Factory established in the mountains of Western North Carolina, located about two miles Southeast from Asheville, in the beautiful Swannanoa Valley, and directly on the Morganton road.

This factory is owned by W. W. McDowell, G. B. Tennent, Mont. Patton, John Murphy, John Cheesbrough and Jos. Reed, six of the best farmers in Buncombe county, who own fine farms in the vicinity.

Mr. Jacob Becker, from Herkimer, the celebrated cheese county of New York, assisted by his excellent "better half," is the Manager and manufacturer; and we take occasion to congratulate the Company in securing the services of such competent and truly worthy persons to conduct the details of their enterprise.

The first cheese was made at this factory on the 27th day of May last. The product of that day was 56 lbs. The daily production has steadily increased since then, and it now amounts to 153 lbs. The aggregate amount made from the 27th of May to the 27th of June is a little over 3,000 lbs. This, we think, is doing well for the first month, particularly when we consider that five sabbath days occurred on which no cheese was made.

Of the quality of the cheese we are unable to speak, as yet, as it requires at least 60 days to cure and become fit for use.—But, judging from the truly rich appearance of their outside, we never saw a more superb lot of cheeses than our friend Becker exhibited to us in the curing room of the Swannanoa factory.

Our space admonishes us to be brief, and we, therefore, postpone the extended account we had prepared. We will give it in our next.

We cannot close this short notice without returning the sincere thanks of the whole party to Mr. and Mrs. Becker for their kindness and attention to us during our visit.

A MAN WHO HAS NOT SLEPT FOR FOUR YEARS.

[Lancaster (Pa.) Express.]

A very singular case of wakefulness has just been brought to our notice. Joseph Herr, a cabinet maker, about 60 years of age, has not had a half hour's continuous sleep for four years. The case was thus stated to us: About four years since a daughter of Mr. Herr became very ill and Mr. H. watched at her bed side day and night, for six weeks, when she died. All this time he took no sleep, stating that he felt no desire for it. A few days after the death of his daughter, he ran a nail into his foot, and this confined him to his bed for seven or eight weeks, not an hour of which time could he obtain sleep. After recovery from his wound he still failed to obtain rest from sleep, and so the matter continued to go on from week to month, and from month to year. His health suffered and he complains of great debility.—He applied to a leading physician of this city, who prescribed a powerful opiate, but it had no more effect upon him, as he says, than a snap of his finger. He again applied to the same physician, requesting that the dose be increased. To this the physician objected, stating that it would be dangerous. He said he did not care, and another opiate was prepared strong enough, it is alleged, to put three or four ordinary men to sleep and never wake up again.—This had no better effect than the first, and the physician refused to administer any more doses of that kind, but advised his patient, as a last resort, to get on a "high old bender." This experiment has not yet been tried, and it may be a question whether he can swallow enough liquor to produce intoxication and stupiferousness.—Mr. Herr is a sober and industrious man, but in consequence of his malady is unable to do any kind of physical labor. It is certainly a strange case.

LIFE INSURANCE COMPANY,
JANUARY 1ST., 1869.
Assets $10,462,531,75.
Amount of Income 6,227,071.
SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.
Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,
CATAWBA COUNTY, N. C.
THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.
Being situated in the southwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. F. CARTER, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the N. Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.
As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

BOARD:

For one single month,	$50 00
For two or more months, $40 per month, or at that rate.	
Per week,	15 00

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, JULY 5, 1869.

CHIEF JUSTICIAR.

The Normans, long before William the Conquerer overran England, as Sherman did the South, had an officer they called Chief Justiciar, who was subsequently called Chief Justice. William, like the Yankees, had not made his conquest of England complete before he introduced the laws,customs and pronunciations, of his own country among the people he had conquered.

We have one of the conquerers, Tourgee, assisted by two of the subjugated, Rodman and Barringer, calling themselves Code Commissioners, engaged in copying the laws of the conquerers for our adoption. It is of no moment whether the laws be applicable to our condition and people or not, they find them in the Code of the conquerers, and they are such laws as the conquerers are most familiar with, and, therefore they will have none other.

Next to the King, the Chief Justice in William's time was chief in power and authority; he was guardian of the public peace, and had controling influence over the finances of the Kingdom. In rank he stood above all the nobility. When the King was abroad or beyond seas, he governed the realm like a Viceroy. [When the Governor goes abroad again we are sure it will be better to leave Chief Justice Pearson and not Charley Horner in authority.] The first Chief Justice of England, was named Odo; history informs us that "he was bred to letters and to arms;" he took holy orders, and also distinguished himself in knightly and military achievements.

After one hundred and fifty years in the exercise of Kingly authority, the Chief Justiciar or Chief Justices of England, as we now say, were greatly reduced in their splendor, rank, power and authority. Then the administration of Justice finally became their special duty, as the administration of Justice and the decision of causes between man and man is the special duty of the Chief Justice of North Carolina.

The first Chief Justice of England was also known as Earl of Kent and Bishop of Bayeux. For his arrogance and oppression of the people, William ordered the arrest of Chief Justice Odo. The officers of the law would not arrest him because of the high esteem in which the clergy were held. The Chief Justice insisted that he was a "prelate and exempt from all temporal power." Old William, seizing upon the Chief Justice with his own hands, exclaimed, "God forbid that I should touch the Bishop of Bayeux, but I make the Earl of Kent my prisoner." The Chief Justice was sent to prison where he remained for five years. When the Chief Justice of England was being carried off to jail, the people cried out "rope! rope! hang him! hang him!"

Bragg, Haywood and Moore, are ready to say, with old William, "God forbid that we should touch the Supreme Court, or say that which would impair its usefulness, character or standing, but, when Pearson, Reade, Dick, Settle and Rodman, or one of all of them, turn politicians, Bragg, Haywood and Moore, with the 108 protesting lawyers, will 'lay their hands upon them,'" and the people will say, "well done." We understand that an effort was made to induce the Circuit Court Judges to make the same rule upon the Bar, which was made by the Supreme Court, and that they, too, should not allow members of the Bar, who had signed the Protest, to practice before them, until they should purge themselves of contempt, but they wisely declined to make the rule.

It will be conceded that if the Supreme Court can punish the Bar by excluding them from practice, the Circuit Court can do the same thing. At Rockingham, Judge Tourgee, in the Court House, and standing where, an hour before, he sat as a Judge, entered earnestly into political discussion with Judge Pearson's friend, "Hon." Windy Billy Henderson. Billy, in the discussion, called the Judge "a d—d liar and a jail bird from the Peditentiary of Ohio." When the discussion was over the Judge took his seat upon the bench, and the Sheriff, by proclamation, opened Court. According to the opinion of the Supreme Court, as lately expressed in the "contempt" case, Judge Tourgee had the right to make the following order on said Windy Billy, as soon as he called Court: "The Clerk of this Court will inquire and report who of the Attorneys practising at this bar have called the Court a "d—d liar and jail bird from the Penitentiary of Ohio." The Clerk would report, only Wm. F. Henderson.—Then would follow, "ordered by the Court that Wm. F. Henderson be disabled from hereafter appearing as an Attorney or Counsellor in this Court, unless and until he shall first appear and purge himself of contempt of Court for having uttered such libellous language." We take it Windy Billy Henderson would answer in the very language of the protesting lawyers, if he had been able to compose so sensible a protest; first, that there was no contempt in law or in fact; second, that calling Judge Tourgee a d—d liar was not libellous; third, that the Court had no jurisdiction; fourth, that no contempt of Court was intended, the language not being aimed at the Court but at Tourgee, the man. If Tourgee should punish Henderson as the Supreme Court did Bragg, Moore, Harwood and the 108 others, by excluding him for a week from the Court, the people, whenever they would see Tourgee would cry out "rope! rope! hang him! hang him!" and Tourgee would deserve it.

The idea is monstrous, that the Judges, Dick, Settle, Tourgee and others, should canvass the State, make their speeches to negro's generally, and forbid their opponents reply ng to them, and then, when gentlemen had mildly remonstrated and protested against their conduct, that they should go upon the Bench and attempt to punish them for contempt of Court. We need Old William, the Conqueror, to collar all such Judges, and that would give the people the courage to cry out "rope! rope!!"

The language of Judge Reade in his Hyman letter is sufficiently severe for the condemnation of the Court, and we apply it to them instead of anything of our own: "So whether I declare for one or the other, I could be nothing better than a fool at the least. The strongest conviction of my mind is, that it would be a breach of propriety, for which I know no precedent in North Carolina, and for which I would be severely censured. By universal consent, if not by the imperative demand of the public sentiment, the Judges have stood aloof from active participation in party contests, so that, declare as I might, if I were to declare at all, I could not hope to escape denunciation and the consequent prejudice of a large portion of the public, by reason of which my influence on the Bench, where I really desire to be useful, would be impaired."—Thus we have it from his own mouth that, for participation in politics, Judge Reade expected to be "denounced." For our part we shall disappoint him, and leave it with the people to deal out the "denunciation" upon him and the Court, which he anticipated and so justly merits.

"SOUTHERN HISTORICAL SOCIETY."

In our issue of Friday, June 25th, 1869, we published, from the New Orleans *Picayune*, an account of a meeting of the above named society, held in that city on the 14th of June, at which the permanent Constitution and By-laws were read and adopted. Owing to the press of matter on hand at that time, we deferred an editorial notice until the present.

We see that the Rev. B. M. Palmer, D. D., is President, Gen. Braxton Bragg, Vice President, and Joseph Jones, M. D., Secretary and Treasurer. In the list of the Vice Presidents of States we find the name of Gen. D. H. Hill for North Carolina, a most capital selection.

The objects of the Society are set forth in the official circular, which was published with the proceedings, and amount to about this:

A collection of papers and documents relating to, or connected with the history of the Southern States, from the earliest times down to the present date, but, *especially*, everything connected with the late war—Histories of States, complete files of newspapers, statistics of all kinds, works, speeches &c, official reports and private descriptions of campaigns and battles, military maps, reports upon the equipments, organization, numbers and losses of the several branches of the armies of the C. S. A., reports upon naval operations, and the nitre and mining bureau, foreign relations, currency, medical statistics, &c., names of officers and soldiers who were killed or wounded during the war, when and where; all matter relating to treatment of prisoners during the war, either soldiers or citizens, the conduct of hostile armies towards the citizens of the invaded country, Southern poetry, ballads songs, &c., &c.

The purpose of the Society is to have its head in New Orleans, with branches in every Southern State, under a Vice President, which, in the course of time, will spread into District or County Societies.

A suitable fire proof building is to be procured for a place of deposit for the records, until their publication in future, and contributions, in money, for that purpose and other necessary expenses, are respectfully solicited.

North Carolina should take advantage of this opportunity to transmit to posterity a true account of the gallantry and devotion of our own soldiers during the war.

The slander of North Carolina Troops, by such unreliable writers as Pollard, of Virginia, should be rejected (as they have been though the columns of the *Sentinel*,) by men who were present in the engagements. The determined valor of our soldiers, in some of the bloodiest battles of the war, should be told by those who were participants or eye witnesses.

The outrages of Sherman's invading army could be delineated by many of our noble women, who were the sufferers in its line of march, and as for the treatment of prisoners of war, we have, in our own town, many gentlemen who could give accurate and reliable descriptions of the sufferings and horrors of Northern prison life, at Johnson Island, Point Lookout, Elmira, Fort Delaware and Charleston harbor.—Let all those who have the knowlege, and are interested give their mite, though it be but a page. The *truth* of our actions and sufferings will be but a just legacy to our posterity.

We suppose that at an early day our Vice President, Gen. D. H. Hill, will take steps to organize societies throughout the State.

All communications and remittances should be ad dressed, *prepaid*, to Dr. Joseph Jones, Secretary and Treasurer of the Southern Historical Society, New Orleans, La.

We hope that the newspapers of the State, generally, will call the attention of their readers to the organization of this Society.

Spurgeon's nose has become a matter of London newspaper comment. An irreverent scribbler says it is as much read as his sermons.

THE RICHMOND CATASTROPHE.—Our telegraphic dispatches, on Saturday, announced the falling of a bridge, at Richmond, Va., on Friday last, by which a number of persons were killed and wounded, among the former Col. James R Branch, son of Thos. Branch, Esq., formerly of Petersburg, and Conservative candidate for the Senate in the Richmond District.

A barbecue was given to the colored citizens who had attached themselves to the liberal party, at Vauxhall's Island, and the large crowd passing to the place over the bridge, caused it to give way, precipitating the immense crowd, amid the broken timbers, into the water below.

Col. Branch and policeman Kirkham were killed immediately, and two others supposed to be mortally wounded, besides several others more or less injured. The Richmond *Dispatch*, in its account of the catastrophe, thus alludes to the public feeling in regard to Col. Branch:

"We do not exaggerate the public feeling at the loss of this excellent gentleman and invaluable citizen when we say that the death of no man in the city would be more deeply deplored. He was one of the most useful of men. He was sagacious, energetic, liberal, patriotic. He was quick to foresee, prompt to act, and untiring in his public devotion. He was what in modern parlance is styled a "live man;" and he was considered as one of the men just suited to the exigency of the times—created, as it were, for them—to bear an important part in bringing our dear mother Virginia out of the embarrassments and woes in which she is involved and putting her upon her new career of grandeur and power. He moved with his father to this city from Petersburg since the war. He rapidly gained popularity, and was a nominee for the State Senate from this district, for the election on Tuesday next."

Col. Branch was well known to most of our readers who have had business transactions with Petersburg, during the last twenty years, as a member of the extensive business firm of Thomas Branch & Sons, and they will mingle their sympathies with the friends of the deceased in Virginia, at the melancholy end of one so gifted and beloved, and with such bright prospects for future usefulness.

SUGAR.—We are indebted to a friend for the following statistical facts in regard to this great staple:

The quantity produced in the world is estimated at 2,800,000 tons. Of this the United States consumes 500,000 tons. Great Britain consumes 680,000 tons.

The increased consumption in the United States, per year, was found to be, in 1867, '68 and '69, six y thousand tons.

Of this supply Cuba has usually supplied one-third. The Southern States crop of the past year was about 100,000 tons.

The supply from Cuba being now measurably cut off will leave the U. S. 430,000 tons to draw on other foreign supplies, or do without it. Hence the certainty of very high prices for sugar and syrup.

Comparative strength of sorghum sugar as contrasted with that made in the West Indies and Louisiana, as per analysis of Professor J. Lawrence Smith, formerly of the School of Chemistry in the University of Virginia.

This analysis was made after a careful examination of polarized light (the most approved method) to ascertain the amount of chrystalizable sugar in each specimen. The result was 89 per pent. for sorghum, while in four samples of New Orleans sugar, the best being almost white, was 90 per cent.

Specimen No. 2, of N. O., yielded 85 per ct.

To whom is the country indebted for the ingrace ful and inhuman spectacle presented on the field of Gettysburg? The bones of the Confederate dead are there lying bleaching in the sun, and no attempt has been made to reinter them. Is this an exhibition of loyalty, or is the notorious Sharkey on guard there too? What offence have the dead committed that their bones must be treated with such brutal contumely? Is this a the kind of peace which was to shed its beams on the country when Grant was inaugurated?—*Metropolitan Record.*

APPOINTED AT LAST.—A dispatch from Washington says: "Mrs. Dr. Mary E. Walker has at last succeeded in her persistent applications for a government office. Pantaloons and all, she is to be inducted into a clerk-ship in the office of the third auditor. She will be the only woman in that office, but it will be remembered that she expressed herself as "not afraid of the men."

Arizona advices to the 8th of June state that Colonel Sanford's command had returned to Camp McDowell. They killed 24 Indians and captured four during the expedition. Colonel Price's command killed three Indians and destroyed a great amount of property during the late raid through the Wallapai country.

The Yazoo, Miss., *Banner* says a number of the old Yerger family servants were in town a few days ago, and having heard of the tragic affair at Jackson, in which Colonel E. M. Yerger was so unfortunately involved, inquired if money would "do Massa Ned any good," declaring that, if necessary, they would among them raise $1,500 to aid in his defense.

SENTENCED FOR PERJURY.—George B. Davis and John D. McHenry, convicted of perjury in swearing to certain statements falsely implicating Collector Bailey, of New York, in frauds upon the revenue, have been sentenced—the former to the King's county penitentiary for five years, and the latter in the Albany penitentiary for a similar period, besides paying a fine of $2,000.

A man died in New Orleans a few days ago, leaving one of the simplest and briefest wills on record. It consisted of only these words: "Mrs. Roper is my heiress," with a codicil of four or five words more; and although it was severely contested in the Courts, its legality was sustained.

The Houston *Telegraph* says that thirty cents a day will supply a family with meat and vegetables in that city.

STATE NEWS.

FINES.—The amount realized by fines imposed by the Special Court, in Wilmington during the month of June was between five and six hundred dollars. This sum includes both money collected and labor performed.

Ida Bates, a gay girl of the period, was yesterday carried before the Special Court on the accusation of having defrauded a credulous young man of $2 00. The Court decided the prosecutor should pay one half of the costs attending the suit; and the defendant, the other.—*Wil. Star.*

IN PURSUIT.—Mr. Isaac Casey yesterday arrrived in our city, from Cheraw, in pursuit of a number of rogues that recently stole a couple of fine horses from Mr. J. C. Privett, Goldsboro. Mr. Casey had pursued the thieves to Cheraw, and not catching them at that place, he extended his trip to Wilmington. Shortly after his arrival, he received a telegram, stating the horses had been recovered and returned to the owner. The rogues are still at large.—*Wil. Star.*

Vegetables and crops in and around this city present a deplorably parched appearance. Everything seems drying up from the great drought and, unless rain is speedily sent, will die.—*Wil. Journal.*

Let it be borne in mind by all interested, that in 1860, the value of the property owned by the citizens of this county, (Warren) was NINE MILLIONS of Dollars, and that under so called rebel Democratic rule, the taxes levied for that year, amounted to Nine thousand dollars; while in 1869, the value of the property owned by citizens of this county (Warren) is less than TWO MILLIONS of Dollars, and that under Radical Legislation and taxes levied for this year (1869) amount to THIRTY THOUSAND DOLLARS.—*Living Present.*

We learn that during the past week the barns of Messrs. W. S. Davis, J. J. Egerton and Charles Watkins, in this county were broken open and more or less tobacco taken from each. Mr. Egerton, we believe, is the heaviest loser, about two hogsheads being carried off by the thieves, who were arrested by officer James and lodged in the calaboose to await their trial.—*Living Present.*

CAPE FEAR ACADEMY—COMMENCEMENT EXERCISES.

The Commencement Exercises of the Cape Fear Academy took place in the City Hall yesterday afternoon as originally appointed. The Cadets formed in regular order at the Academy grounds at 5½ o'clock and, preceded by a band of music, marched down through Front and Market streets and thence round by Third street to the Hall.—Already a large number of ladies and gentlemen had assembled in the building. In the meantime, the little gun of Captain J. C. Melhenny belched forth its thunder, shaking the very building with its echoes.

The Cadets took their stations in the Hall amid music by the band. When the arrangement had been completed, the Exercises were opened with a prayer by Rev. A. Paul Repiton, D. D., clothed in eloquent, feeling and expressive language.

The Principal of the institution, Gen. R. E. Colston, after returning thanks to patrons for the support and encouragement he stowed, and a short address to the Cadets appropriative to the occasion, proceeded with the distribution of prizes in the following manner and to the Cadets named:

Medal for Good Conduct.—Cadets David Gregg, John D. Ragland, M. Cronly, J. I. McRee, L. P. Davis, W. P. Price, Alex. Sprunt, John D. Bellamy, Thomas Atkinson, W. L. Smith, J. C. Heyer, Wm. McKoy, David Mitchell, Joseph Smith, R. H. Bunting, Ed. Engelbard, Chas. Metts.

Certificates of Good Conduct.—Cadets E. M. Cushing, L. W. Huggins, Dobbin Holmes, Pembroke Jones, ——Murchison, T. C. Mellhenny, Rob't McCoy, Walter Parsley, John Rothwell, John T. Schonwall, Ed Singletary, Samuel Bear, N. B. Stephens, W Walker.

The following medals and certificates were awarded in the different branches of study:

Medals.—J. D. Ragland, Math. and Fr; David Gregg, Math. and Span.; M. Cronly, Math. Lt. and Gr.; J. I. McRee, Lt. Gr. and Fr; Thomas Atkinson, Lt. and Gr; W. L. Smith, Math. and Lt.; Alex. Sprunt, Lt. and Gr.; L. P. Davis Gr; John Heyer, Math. and Gr; J. D Bellamy, Math., Gr. and Lt.; Geo. N. Harriss, Arith; Rob't McKoy, Gr.; Wm. McKoy, G.

Certificates of good Progress.—L. P. Davis, Math. and Fr.; J. I. McRee, Math.; J. S. Schonwald, Math.; Alex. Sprunt, Math. and Fr.; M. Cronly, Fr.; Thos. Atkinson, Fr.; J. D. Bellamy, Fr.; Jordan Thomas, Fr., Lt. and Gram; Wm. McKoy, Lt.; Robt. McKoy, Lt.; Fred. A. Derosset, Lt and Arith.; Thos. Harriss, Lt., Math. and Fr.; M. S. Willard, Lt., Geography, Gram. and Arith.; Ed. Engelhard, Lt., Arith. and Gram.; W. P. Price, Lt. and Geogr.; E. M. Cushing, Arith., Geogr. and Gram.; Clarence Lowe, Geogr.; W. K. Price, Geogr. and Gram.; W. L. Smith, Geogr. and Lt.; George Parsley, Geogr. and Math.; Jno. Rothwell, Arith., Geogr., Gram. and Fr.; A. V. Wood, Geogr and Math.; Jno. Cazaux, Geogr. and Gram.; W. L. Harlow, Geogr. and Gram; J. Love, Gram.; T. C Mellhenny, Gram.; L. W. Huggins, Gram; Frank Agostini, Gram.; David Mitchell, Arith. and Fr.; John Russell, Arith.; Emmett Ragland, Arith.; A. Meares, Arith.; R. H. Bunting, Arith.; Geogr. and History; Robt. Strange, History; R. Meares, Geogr., Gram. and History; Ed. Singletary, Gram; Clinton Van Orsdell, Gram.; R. Dix, Gram.; Fred Cantwell, Gram. and Arith.; Reuben Ragland, Gram.; Robert Cantwell, Gram.; Wright Meares, Gram and Arith.; Samuel Bear, Arith. and History; Pembroke Jones, History; Dobbin Holmes, History; Walter Parsley, History; Chas. Metts, Arith.; Jos. Smith, Arith. and Gram.; Jas. Ryan, Arith.; W. Walker, Arith.; Brook Empie, History.

At the conclusion of this distribution, which was conducted amid successive glances of delight from the fortunate ones above named, Col. A. M. Waddell delivered the Commencement Address. To do justice to this excellent, though simple, address would require its publication entire. Its excellence we attribute in great part to its beautiful complicity and appropriateness to the occasion. There was one leading feature which peculiarly stamped it—an effort to inspire these young Cadets with a desire to be *gentlemen* in the full and honorable sense of the term. The address gave much pleasure to all who heard it, which was testified by enthusiastic applause at its termination.

Thus closed the exercises, and the audience dispersed animated with a feeling of pleasure at the manner in which they had been entertained.

AN EX FEDERAL GENERAL ON THE WALKER TICKET.—Gen. Charles P. Stone, late of the Union army, but now engaged in mining, is nominated in the Goochland district for State Senator on the Walker ticket. Gen. Stone has been living in Virginia since the close of the war, and has heretofore declined to be a candidate for office.

New Advertisements.—The North Carolina Land Company and the North Carolina Real and Personal Estate Agency, are two distinct organizations; see Col. Little's advertisement.

Pea Nut plows and various castings, with a dash of New River mullets and some other river herrings, B. P. Williamson.

J. J. Christophers, City Clerk, collar the canines or they'll be cribbed.

Piano tuning by Mr. Denck. You'll find him at Ennis' Book Store.

Cotton farmers, who want a place, see advertisement.

Cape Fear Academy, next session, begins October 1st, Col. Colston, Principal.

Kittrell's Springs College.—We call attention to the fact that the name of Rev. T. M. Jones, is removed from the advertisement in this paper, as President of the College at Kittrells Springs, he having resigned his position in that institution.

Our Telegrams.—The telegraph is not at work to day. We had an understanding with the operator that, if anything extraordinary occurred, he should furnish it to us, and as nothing has been sent round we suppose affairs are in *statu quo*.

A New Enterprise.—We learn that it is in contemplation to commence a tannery in the vicinity of Raleigh at an early day.—Mr. Isaac Wells, an experienced tanner, has been gathering the "May weed" around the city for several days, to be used in tanning, and it is said that this weed contains all the qualities of the best oak bark.

Respect to the Day.—Only the public offices and the Banks, paid the usual compliment of suspending business.

Give Your Name.—We have received a letter from Woodsdale, Person County, enclosing subscription price for Weekly *Sentinel* six months, without signature. As soon as we find out who it is to go to, we will send the paper.

Laflin.—This little Yankee member of our General Assembly has again made his appearance. Operations of the "Ring" and the niggeration, we suppose, brought him.

"Sound the loud timbrel."

Solomon Pool, has, we are informed by this morning's telegrams, resigned his position under the United States' government, as Assessor for this District. We suppose the reason that induced Sol. to take this step was that the onerous character of the duties devolving upon him as President of the University precluded the possibility of his giving any attention to anything under the sun but the empty buildings at Chapel Hill.

Clubs are Trumps.—A correspondent of the *Standard* complains of the police for 'clubbing" the young colored gentlemen from the colored Church doors, and asks why they do not pay similar attention to the young men at the white Churches of the City. Our attention has been, for some time, called to the conduct witnessed at the colored Methodist Church, during the revival that has been going on there some five or six weeks, of some misbehaving chaps, who seem to look upon the occasion as a fit one for the display of their rowdy propensities, especially at the evening meetings, and we suppose the congregation of the Church have found it necessary to seek this form of relief. We hope the police will continue in the performance of this commendable duty, and this is the desire, too, of several members of that congregation.

Personal.—We learn that the Hon. E. A. Rollins, late Commissioner of Internal Revenue, is now acting as President of the National Life Insurance Company of the United States of America, at the Campany's Branch Office, in Philadelphia, during the temporary absence in Europe, of the President, C. H. Clark, Esq. Mr. Rollins has been an active member of the Board of Directors of this Company since its organization, and in giving to its interest the benefit of his personal co-operation, and the advantages of his enlarged experience and extensive acquaintance, we confidently look for a renewed impetus to be given to the already unprecedented progress of this great National Institution.

See advertisement of P. F. Pescud, General Agent.

Koskoo, the *great Liver Invigorator, Blood Purifier, and Renovator*, prepared by Dr. J. J. Lawrence, the celebrated Physician and Chemist, is a safe, pleasant, and reliable remedy, for the prevention and cure of the diseases caused by a Torpid Liver, Impure Blood, Disorders of the Kidneys, or Debility of the Nervous System.

It regulates the secretions, eradicates all humors or taints, restores lost or wasted nervous power, and at the same time *builds up and imparts tone and vigor to the whole system.*

THE FOURTH.

The negro celebration of the Fourth, to-day, absorbs almost all other local topics, and therefore we devote most of our local space to the chronicling of the incidents connected therewith.

GATHERING.

As early as Saturday evening the negroes commenced assembling, men, women and children, shod and unshod, from the surrounding country and even from other counties, until, by 10 o'clock to-day, there were several thousands in the City.

THE PROCESSION.

The procession was formed near the African Methodist Church about ten o'clock, headed by Blair's four horse phaeton, hired for the orators and readers to ride in, but in which "nary" orator or reader rode, and followed by two hundred and ten darkies, by actual count, including Auburn and True American leagues, and some twenty-five picaninnies from eight to twelve years old, *but not a single white man*, every scalawag and carpet bagger in the city, from shame or some other cause, declining to "jine in."

THE ROUT.

The procession, accompanied by the Raleigh Brass Band, moved out of Harrington to Hillsborough Street, along Salisbury then West to Cobe's palace and across to Fayetteville, up Fayetteville to Tucker Hall, cheering Byron Laflin as they passed the Yarborough House. They went into the Hall, which soon became densely packed.

THE ODOR.

The exercise of the procession added to the density of the audience, gave activity to an odor that must have been peculiarly inspiring to the Readers and Orators of the day.

THE STAGE.

Before the procession arrived, Gov. Holden, Judges Pearson, Reade and Dick, together with Dawcese, Laflin, Young, the Assessor, Grissom, Carrow, the U. S. Marshal, Theodore Josephs and Ellis, of the Deaf and Dumb Asylum, *and* "my son Joseph William," the orator of the day, and J. P. Andrews, the Reader, having formed a procession on their own hook, had entered and occupied the seats of honor on the platform, while "collards" faced the music, and took his seat among the niggers on the floor.

CEREMONIES.

Dr. Grissom, acted as master of ceremonies. He called the meeting to order and announced J. P. Andrews as reader of the Declaration of Independence, who got up and read it, the audience keeping "silently quiet" as Mr. Carrow requested they should do. Then the band played, after which Sawyer, a negro, was introduced by the Doctor, and read the Mecklenburg Declaration. Then "my son, Joseph William" made a speech, and the ceremonies closed.

THE READING.

Sawyer beat Andrews reading.

HONORS EAST.

Maj. Martin, from some cause not divulged, declined the honor of the Chief Marshalship and the said honor was offered to and accepted by Ed. Lane, "a man and a brother."

We noticed that Mr. Horner and our neighbor Buck, who had been appointed Marshals, did not appear. Many of the negroes expressed their disapprobation at being so decidedly snubbed by their white brethren, and we don't blame them.

THE AUDIENCE

Was composed of some dozen whites, including a delegation from the Insane Asylum, two or three ladies, and the balance negroes.

REFRESHMENTS.

There were about fifty refreshment tables spread out about Capitol Square, the Old Market and Baptist Grove, and about one hundred perambulating lemonade buckets scattered throughout the principal thoroughfares, going at a five-cent nickel a tin cupful, and many a last five cents went for the refreshment of the dainty Dinahs by their gay and reckless Sambos.

NO BARBECUE.

Perhaps the "unkindest cut of all" was the failure of the getters-up of the concern to provide a big dinner for their friends.—The negroes felt this neglect sensibly, many of them having walked a score of miles or more for the express purpose of getting "some t'n t' eat." Even Whitson failed to get his collards.

CLOSING SCENES.

At this present writing the crowds are beginning to disperse. The Auburn League has just passed on its winding way to the pine woods, preceded by a fife and toy drum playing the good old march of "two little pigs and a bob-tailed sow," and looking hungry enough to eat the tune.

HEREAFTER.

We have many notes of the incidents of the day, relating mostly to the movements of the whites, which we shall draw on at leisure.

The bar-rooms in Boston have been closed in obedience to Chief Constable Jones's notification, that the prohibitory law would be enforced. There is considerable excitement among the thirsty crowds, and an active demand for private entrances where fluids can be obtained.

An affray occurred near Woodville, Jackson County, Ala., on the 24th of June, between the Whitecottons and Woodalls, in which two of the former were killed, and several other persons were wounded. A young man named Hall killed Dru Turner near Markham's Mills, in the same county, a few days ago.

On the 16th ultimo, Mr. W. A. Horne, a German Professor of Music, who has been living in Marshall, Texas, for several months past, committed suicide by taking chloroform. About a year ago, he made an attempt to kill himself in Shreveport. No clue to the motives that actuated him, unless it was poverty.

Somebody in California has invented an "aerial navigation machine," and made successful experiments with it in San Francisco. The inventor proposes to make trips with it to New York City, and perhaps eventually establish a regular line of air machines between the Pacific and the Atlantic. He asserts that the trip from San Francisco to New York can be made in twenty four hours.

A dispatch from Topeka, Kansas, says $210,500 worth of Pottawatamie lands have been sold during the past month, mostly to actual settlers. The run of immigration continues as great as ever, and property is constantly advancing. A careful estimate show at least one thousand new settlers coming into Kansas daily.

TELEGRAPHIC.

LAST NIGHT'S DISPATCHES.

WASHINGTON.

Washington, July 3.—Revenue to-day over a million and a quarter.

Solomon Pool, Assessor of the 4th N. C. District, has resigned.

Bismarck refuses to recognize Omil Hoochester of Chicago, appointed Consul to Bremen.

Boutwell asks Rear whether revenue supervisors are entitled to 1 farmers monitor.

Cubans here have official accounts of the recent attempt to relieve Las Tunas. The train guarded by fifteen to twenty-five hundred men was attacked by a squadron of cavalry and a large portion of the train capturned. In the contest the Spanish lost over two hundred, but succeeded reaching Las Tunas with a portion of the train and found the garrison almost helpless from cholera and fever. Disease soon attacked the reinforcements, and the encampment was vacated and after a severe loss succeeded in retreating to Lisca where they were again repulsed with severe loss in Cinco Villas district and the district remained by the Cuban army. Quesada commenced offensive movements and has regained several important positions and is master of the Northwestern portion of the island. Immigrants now numbering seven hundred, are acting earnestly with the Cubans.

Admiral Hoff reports Havana quiet. The brigade sent to reinforce Puerto Padre returned in a pitiable condition full of cholera. They succeeded in victualing Las Tunas, but were harrassed and finally attacked, but repulsed the Cubans. The Spanish loss in the battle was seventy-six. The insurgents behaved bravely and retired in good order. It is reported that the Spaniards intend abandoning the Railroad between Neuvitas and Principe.

The question whether members of the Virginia Assembly must take the iron clad oath has been brought to the attention of the President but too late to make changes in the Virginia canvass, even should the President sustain Gen. Canby's views. The matter will be submitted to Attorney General Hoar before a meeting of the Assembly, and his decision will establish a uniform rule for Virginia, Mississippi and Texas.

It is certain the President has no present intention of molesting Georgia as a State in the Union, nor has he asked Mr. Hoar's opinion regarding her political status.

Gov. Peabody has given another million of bonds for Southern Education. Among the bonds are $19,000 Louisiana 6's; $10 000 New Orleans City 6's; $35,000 Mobile City 5 per cents; $79,000 Alabama 5's; $69 000 consolidated bank 5's. All securities are first-class and dividends will certainly be paid. In addition he gives Florida 6 per cent bonds which, with over due coupons, amount to about $384,000. These last, like Mississippi bonds, will require many years for payment.

The dispatches state that the Cubans, well organized and armed with approved weapons and well provisioned, are in good spirits.

There is the best authority for stating no present Cabinet changes are contemplated.

FROM MISSOURI.

St Louis, July 3.—The bonds of this country have been protested in New York for non-payment in gold. The country had plenty of currency, but holders declined.

No flood West or North of Sioux city but below Council Bluffs the damage has been very great. Many lives were lost. The Captain of the steamer "Mountaineer" saw 27 bodies taken from the Creek below Council Bluffs.

The Indians are dissatisfied, and say they don't understand or like Quakers. Indian outrages have been resumed at Grand River, they having no provisions, and being repeatedly deceived, are firing into steamboats, driving off stock, and threatening death to all whites.

A fearful storm passed over Clinton County Iowa, to-day. Several lives lost.

Kansas papers say "A colony of Swedes, encamped on Kaw River, en route for back settlements, were engulphed; 23 drowned.

CALIFORNIA.

San Francisco July 3.—Mr. Seward was enthusiastically received.

Wells, Fargo & Co., have shipped a million and a half of gold overland since opening the road.

FROM NEW YORK.

Albany July 3.—The small pox prevails here, and the Board of health recommend a general vaccination.

HIGHEST INSURANCE AUTHORITIES
SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—Hon. Elisha Wright.

"The Brooklyn Life has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—Insurance Times, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The Brooklyn Life has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—Ins. Spec. Jan. 1869.

The Brooklyn Life has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a preventive against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them

VANITY.

The sun goes up and the sun goes down,
And the day and night are the same as one;
The year grows green and the year grows brown,
And what is it all, when all is done?
Grains of sombre or shining sand,
Sliding into or out of the hand.

And men go down in ships to the seas,
And a hundred ships are the same as one;
And backward and forward blows the breeze,
And what is it all when all is done?
A tide with never a shore in sight,
Setting steadily on to the night.

The fisherman droppeth his net in stream,
And a hundred streams are the same as one,
And a maiden dreameth her love-lit dream,
And what is it all, when all is done?
The net of the fisher the burden breaks,
And after dreaming the dreamer awakes.

We, the undersigned, having been appointed supervisors of the above Company, do certify that we neither own any stock or tickets, nor can we, and we will here state that the drawing will be conducted fairly for all who hold tickets, whether present or not at the drawing We will publish a full list of all numbers drawing prizes, which will be sent to any one desiring it.

Supervisors.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate—a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in any mode or form they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets the price—the Company a fair and reasonable compensation for selling and some poor man, for *two dollars* comes in possession of a homestead which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND SIX—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents total already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is *undoubtedly* able to meet ALL ITS PROMISES.

With those feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1.000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued

Amount insured,	3,582 policies.
Total Premiums,	$10,605,550.80
	350,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	543
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,269 "
And in its 30th year,	2,813 "

this latter being 620 less than was issued by the NATIONAL in its first seven months.
